## **Global Convention on the Protection of Privacy**

---

TACD calls upon the US and the EU to endorse the call for a global convention on the protection of privacy. To this end, TACD asks that the US and the EU co-sponsor, with TACD, a meeting in the Spring of 2002 to discuss the possible scope and nature of such a convention, and to solicit public views on the need for such a convention and the issues that a convention should address.
